LUAT DINH

<u>lawrencetdinh@gmail.com</u> https://lawrencedinh.me/

Aug 2021

EDUCATION:

Bachelor of Science in Computer Science

San José State University | San Jose, CA

GPA: 3.46

WORK EXPERIENCE:

3D Modeler Feb 2016 - Feb 2019

Shapescape | San Jose, CA

- Collaborated with international team members to complete commissioned projects within assigned deadlines.
- Attended scheduled discussion meetings and maintained project backlogs using Slack and Trello.
- Modified project requirements to satisfy dynamic client demands.
- Developed creative skills in multimedia production and digital art.
- Became familiarized with content creation and photo / video editing software.

<u>Technical Consultant</u>

June 2015

International Tax Accountant | San Jose, CA

- Provided technical support for the installation of hardware components on office computers.
- Carried out secure data deletion of sensitive client information.
- Performed proper disposal of obsolete electronic devices.

PROJECTS:

- **Twitch.tv Users Network Analysis** Collected and analyzed Twitch user data to perform a social network analysis. Categorized user community clusters and network properties using Python, Gephi, and R.
- **Python Phylogenetic Analysis** Conducted genetic analysis of 44 related species using the Bio Python Package. Performed multiple sequence alignments of mRNA text strings and produced Phylogenetic tree diagrams.
- **Bookstore Prototype Project** Java bookstore commerce system with user interfaces and a locally integrated database. Included features to register customers, create products, and search through the store inventory.
- **Search Bot** Python Discord Bot project used to optimize searching for content on specific web pages. Utilizes Discord's API to receive user text inputs and returns any results found from a predefined list of websites.
- **Pretty Boxes Store Project** E-commerce web application developed with peers. Used AGILE methodologies to design and manage projects through bi-weekly sprints. Implemented in Java using Spring Boot and mySQL.

SKILLS:
